PATIENT HAIR CARE PROGRAM

YOUR 3–4 WEEK HAIR CARE & DIET PLAN

A practical guide for your next 3–4 weeks

YOUR NEXT 3–4 WEEKS
Consistency is the key. Follow the hair-care routine and weekly nutrition plan below as recommended. Keep your routine simple, regular and practical.

01 HAIR CARE PLAN

1

SHAMPOO ACCORDING TO YOUR SCALP

- Oily or sweaty scalp → Clean more regularly, as required.
- If your scalp becomes very sweaty/oily, gentle shampooing may be needed daily or as required.
- Dry scalp → Avoid over-washing and very hot water.
- **Shampoo the scalp gently, not aggressively.**

2

OILING — LESS IS MORE

- Oily scalp → Avoid heavy oiling.
- Dry scalp → A small amount may be used if it suits you.
- **More oil does not mean more hair growth.**

3

PROTECT YOUR HAIR FROM DAMAGE

- Let hair dry naturally when practical.
- If using a dryer → use low/medium heat.
- Comb gently and avoid vigorous towel rubbing.
- Avoid frequent straightening, excessive heat and harsh chemical treatments.

4

CHANGE YOUR CARE WITH THE SEASON

- **WINTER:** Lukewarm water + avoid excessive shampooing.
- **SUMMER:** Manage sweat + keep the scalp clean.
- **MONSOON:** Keep the scalp clean and avoid leaving sweaty/wet hair covered for long.
- **DUSTY / OUTDOOR WORK:** Cover your head when practical and clean your scalp regularly.

5

AVOID THESE 4 THINGS

- Crash dieting
- Smoking / tobacco
- Very tight hairstyles
- Random hair supplements

02 7-DAY DIET PLAN

Repeat this 7-day routine during the 3–4 week care period.

DAY	MORNING / BREAKFAST	DAYTIME / LUNCH	EVENING	DINNER / BEDTIME
Day 1	2 Eggs + Milk + 1 fruit	Green leafy vegetables + Dal/Roti + Lemon	2 Walnuts + 5 Almonds	Soya/Tofu + vegetables
Day 2	Soya/Tofu + Milk + Orange	Green vegetables + Dal + Roti	Pumpkin seeds + fruit	Eggs/Tofu + vegetables
Day 3	Eggs + Strawberry/Orange	Dal + Green leafy vegetables + Lemon	Walnuts + Almonds	Soya chunks/Tofu + vegetables
Day 4	Milk + Almonds + fruit	Green vegetables + Dal/Roti + Amla	Green Tea + Pumpkin seeds	Eggs/Tofu + vegetables
Day 5	Soya/Tofu + Milk + fruit	Dal + Green leafy vegetables + Lemon	Walnuts + Almonds	Soya/Tofu + vegetables
Day 6	Eggs + Milk + fruit	Green vegetables + Dal/Roti + Orange	Pumpkin seeds + Almonds	Eggs/Tofu + vegetables
Day 7	Milk + Nuts + Strawberry/Orange	Normal balanced home meal + vegetables	Green Tea + Walnuts	Soya/Tofu/Eggs + vegetables

03 PRACTICAL NOTES

• Keep meals balanced and maintain adequate hydration throughout the day.

• This is a general hair-care nutrition guide; individual dietary needs may vary.

• If you have food allergies, dietary restrictions, pregnancy, a medical condition, or take regular medication, consult your doctor/dietitian before making major dietary changes.

CONSISTENCY MATTERS

Follow the recommended routine consistently for the next 3–4 weeks. If you remain concerned about hair fall, consider a professional consultation.
